LIVESTOCK SHOW FACT SHEET

WHAT'S NEW FOR LIVESTOCK EXHIBITION IN 2023

by Dennis M. Summers, DVM, DACVPM

State Veterinarian, Ohio Department of Agriculture

The Ohio Livestock Show Reform Act authorizes the Director of Agriculture to adopt mandatory and optional rules.

Mandatory rules apply to all livestock shows, while the sponsor has the option to opt out of the optional rules on an individual rule basis. If a sponsor decides not to opt out of an optional rule, the rule then becomes mandatory. The following is a clarification of how the statute (Ohio Revised Code) and rules (Ohio Administrative Code) are to be interpreted and applied at all terminal, partial terminal, and non-terminal livestock exhibitions in Ohio:

1. Livestock means any animal generally used for food or in the production of food, including cattle, sheep, goats, rabbits, poultry, swine, alpacas, and llamas. Equids are not considered market livestock.

2. Livestock exhibitions includes county and independent fairs and the Ohio State Fair.

3. A sponsor is any entity who conducts an exhibition.

4. The sponsor may opt out of any or all the optional rules at least 30 days prior to the opening (a form will be provided and must be returned to the Ohio Department of Agriculture, Division of Animal Health, 8995 East Main Street, Reynoldsburg, Oh. 43068).

5. Exhibitors shall annually attend or complete a quality assurance program before exhibiting terminal or partial terminal market livestock, or at the option of Ohio State University Extension, annually pass a test administered by or under the supervision of Ohio State University Extension.

6. Exhibitors may pass a test based on age and skill level to be exempt from quality assurance re-certification.

This exemption is at the discretion of OSU Extension or Ohio agricultural education.

7. Exhibitors who fail to attend or complete a quality assurance program or fail to pass the exam may be subject to the disciplinary actions listed in rule 901-19-21 of the Administrative Code.

8. Effective April 22, 2018, junior fair exhibitors are required to complete a quality assurance program.

9. Swine being sent to a licensed livestock facility or going out of state for slaughter or commingling with other swine must be identified with an ear tag or four-digit tattoo.

10. The department does not require a Certificate of Veterinary Inspection for exhibition livestock originating in Ohio, including swine. However, an exhibition sponsor can choose to require additional regulations above those of the department.

11. Under rule 901-19-13, drenching of livestock is prohibited at an exhibition. Drenching is only permitted when performed in compliance with paragraph (Q) of rule 901-19-12 of the Administrative Code.

12. Applying any electrical, mechanical, or other appliance that enhances, transforms, or changes the true conformation, configuration, or appearance of the livestock, unless prescribed by the exhibition veterinarian is prohibited.

13. Prohibited Grooming Practices (Rule 901-19-33 of the Administrative Code) and False, Deceptive or Unacceptable Practices (Rule 901-19-38 of the Administrative Code) are mandatory and apply to all

exhibitions. "Slick clipping" or "body shaving" means having hair that is less than one half inch in length on the body of market hogs.

14. Even if the sponsor opts out of one or more of the optional tampering rules, the statute prohibits the use of any material, gas, solid, or liquid, that conceals, transforms, or enhances the true confirmation or configuration of all livestock, including by way of example but not limited to rope, false hair, graphite, and hemp.

15. For breeding classes, the rules of the breed association will constitute acceptable grooming practices.

16. The Exhibition Livestock Health Rules apply to any exhibition over 36 hours in duration or has livestock whose origin is not Ohio and that exhibition must have an approved veterinarian (a form will be provided and must be returned to the Ohio Department of Agriculture at least 20 days prior to the opening date).

17. Junior market livestock shows at county and independent fairs and the Ohio State Fair are defined as either terminal or partial terminal shows:

- partial means that at least the grand and reserve grand champion animals are required to go to slaughter or directly to a licensed livestock facility for slaughter only,
- terminal means all market livestock go to slaughter or directly to a licensed livestock facility for slaughter only.

18. Preview and jackpot shows, as well as breeding classes are non-terminal shows.

19. At all terminal, partial terminal, and non-terminal shows urine samples may be collected for drug testing;

20. A Drug Use Notification Form (DUNF) will be required to be completed for all livestock for which a test sample is collected.

21. The Director of Agriculture requires a DUNF be completed for livestock including market steers, market hogs, market lambs, veal calves, market dairy steers, market goats, market poultry, lactating dairy cattle and lactating dairy goats, and it be reviewed locally (assistance will be available from the Ohio Department of Agriculture by faxing the form to 614-728-6310).

- NEW FOR 2023- DUNF's are to be completed for market rabbits.

22. For all shows the statute prohibits the misuse of legal drugs (including but not limited to the use of drugs approved for use in humans, but not approved for animal use) and the use of illegal drugs.

23. The statute prohibits the showing of tranquilized livestock, including products such as Calf Calm, and use of diuretics for cosmetic purposes.

24. All livestock entered in a carcass contest at a terminal, partial terminal, and non-terminal show must be drug free on the day of show, which means:

- the FDA withdrawal time must have elapsed by the day of show, or
- the drug must not exceed the tolerance level on the day of show.

25. Immediately before or during a terminal and partial terminal show and sale and within a valid veterinarian-client-patient-relationship (VCPR) or for a valid medical purpose a drug or an over the counter (OTC) drug may be used if it is:

- declared on a DUNF and;
- the drug's side effect does not conceal, enhance, transform, or change the true conformation or condition of the livestock. Any such permitted drug use must be disclosed at the time of sale.

26. The drug use notification form shall be filed with the records official prior to the show in which the animal is entered. If at any time, the information on the original drug use notification form changes, an updated form shall be filed immediately with the records official.

27. At non-terminal shows the use of drugs requires a VCPR for prescription and extra-label use of drugs, and OTC drugs must be used for a valid medical purpose and according to label directions and must be declared on a DUNF.

The preceding is not intended to be an all-encompassing review of the statute and rules as they pertain to livestock exhibitions in Ohio. Exhibitors, exhibition sponsors, parents, advisors, and veterinarians are encouraged to call the Ohio Department of Agriculture, Cindy Bodie, Program Administrator, or Dennis M. Summers, DVM, DACVPM, State Veterinarian at 614-728-6220 with any questions. The success of this program is based on the continued input and cooperation of educators, industry, and government. Through your continued support, Ohio will continue to be a national leader in livestock show reform.

Disciplinary Guidelines and Specifications

To exhibit an animal, members must have all completed annual requirements of possession, tagging, health regulations, Quality Assurance, on-line registration, or paper registration if taking dogs or horses and Skill-athon judging. Failure to meet the above requirements will prohibit the member from exhibiting livestock at the Pickaway County Fair and/or Ohio State Fair for that year.
2. During the fair animals must be penned as assigned and cared for properly. Failure to meet this rule will result in the following steps progressively:
 1. A yellow card will be placed on their pen.
 2. Meeting/communication will take place between specie chair, exhibitor, and a parent.
 3. Exhibitor and all animals will be dismissed from the fairgrounds for the remainder of that fair and exhibitor will forfeit all Junior Fair premiums, money, and prizes.
3. Exhibitors must behave in a respectful and appropriate manner, follow instructions given by judges and committee members, follow the dress code when showing animals and not possess or use alcohol or illegal substances. Failure to do so will result in the exhibitor and animal being dismissed from the fairgrounds for the remainder of that fair. Exhibitor and animal will forfeit all premiums, money, and prizes.
4. Any violation of a county only rule such as release times, clipping, falsifying documents, the helmet rule for horse exhibitors, etc. will result in the exhibitor forfeiting all money and awards for the involved animal and not being permitted to exhibit that species at county or state for that summer and the following year's fair.
5. Any violation of an Ohio Department of Agriculture rule will result in the exhibitor being reported to ODA and banned from all shows at Pickaway County and all Ohio exhibitions for a period of one to three years as determined by ODA and/or Pickaway County Agriculture Society.

If an exhibitor or exhibitor's parent/guardian is not satisfied with a ruling, protests and/or a grievance may be filed. To file, state the protest/grievance in writing, make cash or check deposit of \$150 (make checks payable to the Pickaway County Agricultural Society) file the protest/grievance and deposit with the Senior Fair Board Secretary.
